

A Sound Legal Opinion.
E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."
Mr. D. I. Wilson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c and \$1 at Hodgkinson & Co's.

In Brief, and to the Point.
Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.
The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.
Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspepsics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.
Remember: No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents. (Cov)

Save The Children. They are especially liable to sudden Colds, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by
W. PINNIGER, Druggist.

Take It In Time.
A man who presents an appearance of debility, whose countenance is anxious, and who is subject to spells of faintness, is liable to sudden death from heart disease. Let him take Dr. Felt's Heart Remedy before it is too late. At druggists, \$1.50. Descriptive treatise with each bottle; or address J. J. Mack & Co., San Francisco.

Dr. Bo-San-Ko
In his new discovery for Consumption succeeded in producing a medicine which is acknowledged by all to be simply marvelous. It is exceedingly pleasant to the taste, perfectly harmless and does not sicken. In all cases of Consumption, Coughs, Colds, Whooping Cough, Croup, Bronchitis, and Pains in the chest, it has given universal satisfaction. Dr. Bo-San-Ko's Cough and Lung Syrup is sold at 50 cents by J. J. Mack & Co., Reno, Nev.

Babies That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by
W. PINNIGER, Druggist.

Unnecessary Misery.
Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for no one likes to take the medicines usually prescribed. Hamburg Pigs were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. Sold by all druggists. J. J. Mack & Co., proprietors, S. F.

Don't Trifle with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.
W. PINNIGER, Druggist.

Cure for Piles.
Itching Piles are known by moisture like perspiration, producing a very disagreeable moisture and itching. This, if not cured, will lead to the protruding piles, and at once to the operation. Dr. King's New Discovery, which acts directly upon the part affected, absorbing the tumor, and relieving the intense itching, and effecting a permanent cure. 50 cents. Address The Bosanko Medical Co., Reno, Nev. Sold by J. J. Mack & Co., Reno, Nev.

Don't Experiment.
You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottle free at Hodgkinson & Co's, Drug Store. Large bottles \$1.

An Absolute Cure.
THE ORIGINAL ABETINE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of piles. Ask for THE ORIGINAL ABETINE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box by mail 30 cents.

Bucklen's Arnica Salve.
THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all skin eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson & Co. 15

Many Of the good things of this life are sorrowfully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by

Scotch Views on Stallion Management.

Two practical horsemen gave the answers found below in reply to an inquiry in regard to having stallions in the best condition for a season's work, in the Farming World, of Edinburgh, Scotland. As they give some idea in regard to the treatment of stallions in a country which is famed for its studs and breeding establishments we give them to our readers: "To have the stallion in good condition for the season's work, three matters must be strictly attended to, viz: He must be properly fed, properly groomed, and properly exercised. Every stallion owner has his own system of feeding, and few are alike in every particular. By giving the horse the best clover hay that can be procured, along with a reasonable quantity of bruised oats and a few pounds of linseed cake daily, giving also a bran mash, containing a little nitre, twice a week, no difficulty will be experienced in getting him into and keeping him in good hardy condition for his work. Boiled food is not to be recommended, as it has always a softening tendency, and is apt to bring on inflammatory attacks. A few carrots given daily will be found a desirable addition to his food. If the horse is in good health avoid by all means giving 'conditioning powders or balls'—a healthy stomach has no need of such assistance. There is now-a-days far too great a liking for forcing horses into condition by these substances.
Examine the animal closely some two or three months before the season's work begins, and immediately set to correcting anything seen amiss. If the animal is young or thin, gradually give him more and better food—food rich in both flesh and fat-forming constituent. If his appetite is capricious or delicate, feed often, give a little at a time, and put some aromatic in his mash, or corn, night and morning, but avoid habitual drugging. As the working season nears give plenty of grooming, gradually increasing road exercise, diminish allowance of soft food, accustom to conditions and fare likely to be in going his rounds, look well to his feet, have him suitably shod with as light shoes as possible. To prevent his shoes being torn off, have the hoofs over-lapping them on the inner heels and quarter of all his feet, and, if possible, let the groom who is to travel him attend him some time before he is put to work.

The big crops of Colorado do not all grow in the valleys. The mountains produce wonderfully as well. Mr. C. Lewis raised on fifty-five acres of land, five miles south of Catapaxi, last year the following crop: Seventy-five tons of potatoes, forty-five tons of cabbage, thirty tons of hay, and 1,000 bushels of grain. Estimating the potatoes and cabbage at one cent per pound, hay at \$10 per ton, and the grain at an average of sixty cents per bushel, the total crop would amount to \$3,800 or \$50 per acre. So much for Colorado and Lewis.

Merit Will Tell
Was never better demonstrated than when "Fryer's Abietine Remedies" were awarded diplomas at the late California State Fair at Sacramento, and at Meacham's Institute at San Francisco. Wm. INFANTILE SKIN DISEASES.

Our oldest child, now six years of age, was born with a malignant skin disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid mass, ugly, painful, blotched, and malodorous. We had no rest at night, no peace by day. Finally, we were advised to try the CUTICURA REMEDIES. The effect was simply marvellous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion your valuable remedies saved his life, and to-day he is a strong, healthy child, perfectly well, no repetition of the disease having ever occurred.

GEORGE B. SMITH, Atty at Law and Dr. Fryer, Ashland, O. Reference: J. O. Weiss, Druggist, Ashland, O.

THOUSANDS OF CHILDREN Are born into the world every day with various eruptions affecting the skin, such as eczema, scurf, or dandruff, sure to develop into an itching, burning, and disfiguring disease, which makes life a prolonged torture unless properly treated.
A warm bath with CUTICURA SOAP, an exquisite Skin Beautifier, and a single application of CUTICURA, the Great Skin Cure, with a little CUTICURA RESOLVENT, the New Blood Purifier, are often sufficient to arrest the progress of the disease, and point to a speedy and permanent cure.

Hence, no mother who loves her children, who takes pride in their beauty, purity, and health; and in bestowing upon them a child's greatest inheritance—a skin without a blemish, and a body not marked by pure blood—should fail to make trial of the CUTICURA REMEDIES.

Sold everywhere. Price, CUTICURA, 50c; SOAP, 25c; RESOLVENT, 5c. Prepared by J. C. FORTY, DRUGGIST AND CHEMICAL CO., Boston, Mass.

RIO BONITO COLONY!

LANDS FAMED FOR RICHNESS

Along the Feather River.

GROVES OF MAMMOTH OAKS OF SURPASSING BEAUTY.

Best of Soils for Oranges, Lemons, Figs, Peaches, Cherries, and all Tropical and other Fruits.

RIO BONITO COLONY LANDS ARE LOCATED IN BUTTE COUNTY, California, and along the prettiest part of Feather River. They are about eight miles south of Oroville, three miles from Gridley, and two miles from Biggs, on the Oregon and California Railroad, and seventy-three miles from Sacramento. There are growing on the lands white oak trees, some of which are thirty-five feet in circumference. The soil is a rich, sandy loam, and cannot be surpassed in productiveness. Citrus and all kinds of deciduous fruits ripen here to perfection. Rio Bonito Colony Lands are a garden spot, and are certain to be the most popular for homes of any to be found in Central California.

Testimonials on the Land by Leading Butte County Citizens and others.

I have been over your tract of land on the Feather River a hundred times. There is no better land and no better place for a colony in the world.
JOHN S. GILSON,
Real Estate Agent, Reno, Nev.

As good land as there is in Butte County.
JOHN BEALL, Biggs.

As fine a piece of land as there is in this county. First-class for cereals and fruits.
L. D. FREER,
Judge Superior Court, Oroville.

Have lived on this land for nearly twenty years. No more healthy climate in the world.
M. BIGGS, Jr., Biggs.

It will produce, without irrigation, any of the fruits grown in any part of the State of California.
—Higgs Argus.

No richer land can be found in all California.—Oroville Register.

As fertile and valuable tract of land as there is in Butte County. Just the kind of land for fruit culture; there is none better.
JACOB KUECK,
Gridley.

It is all splendid fruit land without irrigation.
WM. SHARKEY, Biggs.

I regard your tract as the best body of land in California. Geo. W. CARM.
Battle Mountain, Nev.

One of the finest bodies of land in the world; there is no bottom to the soil, and every inch of it is rich.
—Oroville Mercury.

A body of land as valuable and well adapted for all purposes of agriculture, especially fruit raising, as any land known to me.
G. K. SMITH,
Banker, Biggs.

This section of Butte County is one of the best in California for fruit culture. Such land as this, if set out to fruits, would, at the end of three years, it is estimated, be worth at least \$500 per acre. At this rate, twenty acres in fruit within three years would be worth \$10,000. The managers will take charge of the setting out of fruit trees for purchasers of land, and at the actual cost of doing the same.

The land is now for sale in tracts to suit at \$100 per acre, on easy terms—One-third cash; balance in one, two and three years at eight per cent. per annum.

Buy ticket to Biggs. Fare from San Francisco, \$5.20; from Sacramento, \$2.20. Stages from Oroville to Biggs pass the land daily. Send for circulars.

We give all foreigners full permission to come here and purchase all forms of property with the single exception of realty. In most of the States they can purchase that if they please, but it is forbidden them in a Territory. The feeling that lies at the foundation of this law is partly sentimental, partly patriotic. Men turn their eyes toward Ireland and say: "See what we have wrought in that unhappy country by foreigners owning the lands and drawing away the profits of those lands year after year, to expend it or invest it in a foreign country." So Congress concluded, a year ago, after nearly all the public domain had been disposed of, to make such a catastrophe for America impossible, and our law-makers passed the alien land act and it became a law. But that law only applies to land. The foreigner may come here and buy any amount of silver bullion; he may buy the safe that it is in, provided it is made of iron or wood; he may remove it all beyond the sea, or he may buy stocks and bonds and, depositing them with an agent on this side, return to his native country and draw his interest or dividends without fear of being disturbed. But if the safe that holds that silver happens to be one of God Almighty's barren mountains; land that aside from the treasure within its fissures is utterly worthless; merely a huge scar on the breast of the desert; the law says he must not touch it and must never receive any title to it, because there may lurk within such a transaction a terrible menace to this country's liberties or prosperity. A quartz claim contains nearly twenty-five acres. For roads and dump room it is common to add from five to ten acres more. In ten cases out of twelve all this land does not contain pasture enough for one cow and calf, and it is worthless for any other purpose. As a rule, mines are worked out and abandoned in from a few months to a few years. In most cases two-thirds at least of the money taken from a mine has to be spent on the spot in supplies, machinery and labor. Then why is the silver in God's safe so much more precious than in man's safe?

But says the statesman: "There is no hurry, we will keep our mines for future generations if we can not work them ourselves." That would be patriotic if the aforesaid statesman owned any mines or owned the controlling interest in one. But there is more to this question. The government has recorded in its statutes that any American who may find a silver or gold vein may locate and own it for fifteen hundred feet in length, and that across the vein he may also locate and own a tract six hundred feet wide; that he may work that claim and own and enjoy whatever treasures he may excavate from it. But it has also stipulated that to show his good faith he must do \$100 worth of work on the claim annually. Suppose the miner is a poor man, that the mine is on an inaccessible mountain side and that the surface ores are too low grade to transport to any distance; or that water appears and drives him out before he has sunk ten feet on the vein. He writes to the statesman and says: "I have a great mine, but it will require an expenditure of from \$20,000 to \$50,000 to make it available. Come and see it and bring the money, and I will deed you one-half for money enough to place it on a paying basis." The statesman would probably write back: "I have made it a rule, all my life, to engage in none but legitimate enterprises. I want no wild-cat mines." Then the miner writes again and says: "There is an Englishman here who is a thorough miner. He offers to pay me \$20,000, and to place the mine under work with full equipment of mining and reduction machinery, for half of it. Please repeal the foolish law which prevents a man from realizing on what is his own." To this the statesman replied: "I cannot. If we cannot work our mines, we must save them for our children." To this the miner naturally responds: "But this is my mine. I prospect three years before I found it. I cannot expend \$100 a year upon it. It takes all my earnings to support my family. Unless I can get help, I and my children will lose the property together." That is the situation all over these territories. There is neither justice nor common sense in that portion of the Alien Land Law, which includes quartz mines and the necessary ground to work them.—Salt Lake Tribune.

A Passenger Train Falls Through a Trestle.

SAVANNAH, Ga., March 18.—The first section of the fast mail train from New York for Jacksonville fell through a bridge at a point 75 miles south of Savannah yesterday. The entire train except the engine was demolished. Nineteen people are reported to have been killed and thirty or forty injured, ten of whom are expected to die. The private car of President Wilbur of the Lehigh Valley road, with Mr. Wilbur, George Gould and wife and others in it, was attached to the train. President Wilbur is reported to be seriously injured. George Gould is unhurt and Mrs. Gould is only slightly injured.

The accident was caused by a broken rail under the baggage car. The baggage car got off the track about a quarter of a mile before it reached the bridge of the Hurricane river. The baggage car mounted the track, but the train passed safely over the bridge. Immediately on the other side of the bridge there is a trestle several hundred feet in length. When the baggage car struck the trestle work it gave way, and the train, with the exception of the engine, dropped through, and, with the exception of one car, was completely wrecked. The train consisted of a combination car, three baggage cars, a smoking car, two Pullman sleepers and a private car of Lehigh Valley.

The second engine ran to Blackshear, a mile distant, for assistance. Soon all the physicians in the place were present, besides many who were ready to render assistance in getting out the dead and rescuing the wounded. Superintendent Fleming of the railroad, as soon as he heard of the accident, left Savannah for the scene of the accident, with physicians and nurses. All the afternoon and evening he had a full force of hands clearing away the track. About 400 feet of trestle was carried away.

Up to midnight the only communication with the scene of the wreck has been through the railroad officials.

The Pacific Railroads.
WASHINGTON, March 19.—Senator Stanford to-day appeared before the Senate special committee to which was referred the reports of the Pacific Railroad Commission. He said that the Government had reaped from the Central Pacific all the advantages any one ever expected it would reap and now it had a poor debtor to deal with. It was a question now whether the Government would deal as generously as individual creditors would under the circumstances. There was an impression that the road had delayed having its land grant surveyed in order to evade taxes. As a matter of fact, there had been no time when the road was not pleading for surveys, and when it was not ready to pay for them. But the Land Department would not survey. Any burden now put on this road must fall upon the people of Nevada and Utah, who are all already paying fair charges for surveys.

A Mormon Scheme.
NEW YORK, March 19.—The Post's Washington special says: Representatives of anti-Mormons who are here and who are closely watching the movements of the Mormons think that they have discovered a subtle Mormon plan in connection with the movement to secure the admission of new Territories as States. It has been noticed here that since Congress began there has been no considerable agitation in favor of Utah as a State. It is claimed that the Mormons have changed their tactics, that they have already established new colonies in New Mexico and have made arrangements for making many more extensive settlements there in expectation of ultimately securing political control of that Territory, and that now Mormon influence will be excited in favor of the admission of New Mexico.

Try It In Nevada.
NEW ORLEANS, March 19.—The United States Grand Jury has returned an indictment against the Illinois Central railway freight agent for violation of the Interstate Commerce law. The indictment alleges substantially unjust and unreasonable charges for transportation of cotton from Canton and Holly Springs, Mississippi, to New Orleans, and also unjust discrimination against the people and the locality of the city of New Orleans in favor of the people and locality of Lowell, Massachusetts, in the transportation of cotton from points above referred to.

A Hebrew Noble.
NEW YORK, March 19.—The Sun's Berlin cable says: Dr. Von Friedburg, who was made famous by the new Emperor on the day of his accession, is the first Hebrew made a Knight of the Black Eagle, and is thereby ennobled.

Another Blow at Carson.
Reno should make a bid for the proposed new Indian school. A dispatch says that "the Senate bill to establish an Indian school at Carson City has been amended by the House Committee on Indian Affairs by striking out the words 'Carson City,' thus leaving the site to be hereafter determined. Reno is the recognized educational center of Nevada and if proper action were taken by our people there is no doubt but what the riverside town would be selected by the committee as the proper, and in fact the only suitable, location for the proposed institution."

A new virality is proving fatal to horses in New York city. It is called uremic poisoning, and the animal drops without warning. It is said to be due to lack of exercise after full feeding, during the idleness caused by the storm. Hundreds of horses are dying of the disease.

250 BEAUTIFUL LOTS FOR SALE!

From \$200 to \$600!

A Rare Chance for Investment and a Home.

THE MOST LOVELY PORTION OF RENO.

FACING THE TRUCKEE—THE ARISTOCRATIC RIVERSIDE AVENUE DRIVEWAY—SPLENDID SEWERAGE—HEALTHFUL LOCATION AND SAFE FROM FIRE.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town, this addition faces the beautiful Truckee River, and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is, it is more exempt from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before buying elsewhere, Parties will do well to look at these Lots.

Constipation

Causes, directly or indirectly, fully one-half the sufferings which afflict mankind. It is usually induced by inactivity of the liver, and may be cured by the use of Ayer's Pills. C. A. Schomaker, Great Bend, Kansas, writes: "I have used Ayer's Pills for Constiveness, with the most beneficial results." J. Windholm, Newark, N. J., writes: "Ayer's Pills cured me of chronic Constipation." Martin Koeh, Huntington, Ind., writes: "Last year I suffered much from Biliousness

And Headache

After using one box of Ayer's Pills I was quite well." C. F. Hopkins, Nevada City, Mo., writes: "I have used Ayer's Pills, and think they are the best in the world. They have cured me of Sick Headache and Neuralgia." W. L. Page, Richmond, Va., writes: "I have been a severe sufferer from Headache. Ayer's Pills afford me speedy relief." A. J. Forster, Dauphin st., Mobile, Ala., writes: "For a number of years I have been troubled with Constipation and Headaches. After trying a number of so-called Liver Invigorators, without benefit, I was at last

Cured by Using

Ayer's Pills." Rev. Francis B. Harlowe, Atlanta, Ga., writes: "For years I was subject to Constipation, from which I suffered increasing inconvenience, in spite of the use of medicines of various kinds. Some months ago, I began taking Ayer's Pills. They have entirely corrected the costive habit, and have vastly improved my general health." Hermann Brinckhoff, Jewellery engraver, Newark, N. J., writes: "Costiveness, induced by my sedentary habits of life, at one time became chronic and exceedingly troublesome. Ayer's Pills afforded me speedy relief, and their occasional use has since kept me all right." Ed. O. Easterly, Rockford, Ill., writes that he has been cured of chronic Constipation by the use of

Ayer's Pills.

That is to say, your lungs. Also all your
breathing machinery. Very wonderful
machinery this. Not only the larger air-

THE GREATEST STUDY OF
Mankind is Man.

And who ever his wondrous frame does scan,
ponder and devise to cure an ill, whether by
device, fruit or pill, an equal benefactor is he;
we have, the inventor of a Cathartic of
delicious taste, to do him honor. Who remem-
bers not how the distressed mother, her child's
entrances tried to soothe, that she laid not
the horrid dose to be taken, the remembrance
now does nausea awaken, and fond father, to be
witness of his child's torture, would rather pay
high price, if money could purchase Cathartic
relief. We have it now! And great Dr. Parry's
name, appears upon the scroll of Benefactors,
for, after long study what would suit, has
been discovered, a safe, reliable, and sure
at once with draughts and pills; for whether it
be indigestion, liver complaint or constipation,
or any disease to which flesh is heir, he here
with pride does boldly declare, and on the
association will wage big, that it can be cured
by it.

A RACING CHALLENGE!

I, THE UNDERSIGNED, OWNER OF
the station Gibraltar, having heard
that at a party residing in the town of Reno
owning a three-year-old colt, has made
the statement that he is willing to match
said colt to trot against any colt, mare
or gelding, three-year-old, or older, of any
breed, owned in Nevada, of any age, for the
sum of \$250 or \$500 a side; said race to
take place on any track in Nevada during
the coming fall time, or I will let Gil-
bert's colt will beat said colt, mare or gelding
of the same age, for the sum of \$250 or
\$500 a side, he pulling a buggy and
an opponent a sulky, mile heats, three in
five, the race to take place at the same
time as the one above mentioned.
Or I will bet \$400 or \$500 on each
heat, the colt to pull a sulky, and the
gelding to pull a buggy, each colt to win
a dash of a mile, each one, at the
next Reno fair, in the month of August.
Furthermore, I will bet \$200 that I can
name a Gibraltar colt that will trot a mile
and a half in less time than 2:10 in the
year of 1888.
